How mo.re! technology works

mo.re! is based on a specially developed substrate formula.

Its new binding agent makes the flooring more durable and decreases swelling – improving resistance to moisture penetration.

Scan the QR code
and check out the
mo.re! features!

*1 Consists of natural wood and an organic chemical binder.

*2 Tested according to NALFA Laminate Surface Swell Test and according to ISO 4760 (Topical moisture resistance – Assembled joint)

*3 48 h splash-water protection according to works standard specification KRONOSPAN WN-103, www.floor-with-more.com

*4 According to warranty terms

*5 Selected decors

Your floor
can do mo.re!

Surface textures

The look and feel of real wood

Features guide

Your benefits at a glance

Residential guarantee

All floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we grant an extensive residential warranty with every product.

Pet-proof

Thanks to the robust surface, which is also undaunted by small mishaps, the flooring is exceptionally well-suited for life with house-pets.

Real groove

Bevelled edges on all four sides of the plank ensure an authentic floorboard look.

Light-resistant

The flooring is light-resistant: Even on days when the sun is shining for hours, your flooring remains non-fading according to rating 6, the highest level of the Blue Wool Scale.

Soft bevel

Inspired by traditional craftsmanship, the true-edge-bevels provide a harmonious room appearance.

Anti-slip class

Safety is something we put great emphasis on. Classification in anti-slip classes has been achieved through specially developed surface structures, which address the requirements for floor coverings in the workplace and commercial areas where a high risk of slipping is present.

Classification:

R9 and R10 according to DIN 51330

Anti bacterial comfort

A.B.C. Anti Bacterial Comfort inhibits the growth of bacteria on your flooring and provides you with the peace of mind that comes from a healthy home environment. (Tested germs: Staphylococcus aureus).

Authentic embossed

The synchronous pores follow the grain of the decor, meaning they flawlessly mimic the character of natural wood.

Real wood

This floor is made from real wood. The high-quality brushed oak surface gives every room natural elegance.

Microscratch protect

The robust surface protects your flooring against micro-scratches that can be caused by strong mechanical stresses or the claws of house pets.

Anti-static

The flooring provides complete protection against unpleasant shocks. The Anti-static is built-in and guaranteed for the life of the floor.

mo.re! can stand up to what life brings

Take more. Endure more. Withstand more.

mo.re! from Kronospan is a moisture resistance technology that makes flooring even more practical for everyday life.

mo.re! flooring is much more **moisture-resistant** than traditional laminate flooring.

mo.re! flooring masters the everyday challenges of **households with pets**.

mo.re! flooring is great for installation in **private bathrooms***.

Scan the QR code
and check out the
mo.re! features!

* Please refer to the installation instructions

www.blauer-engel.de/uz176

mo.re! for the environment

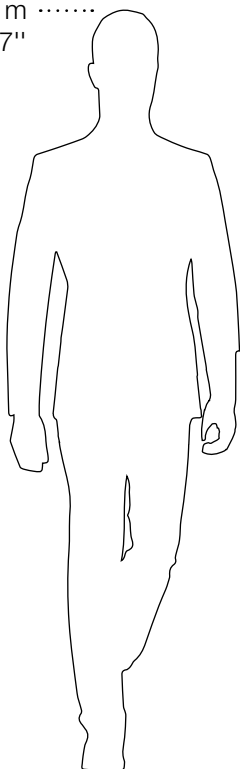

It is made using only wood from sustainably managed forests. And KRONOSPAN does not use any PVC in flooring with the mo.re! technology. This demonstrates our commitment to environmental stewardship. mo.re! substrate is CO₂-negative: Processing a tree to make this product emits less CO₂ than the tree has stored in its life.

* May contain traces of PVC, e.g. from packaging

Organic VENEER PARQUET

1.80 m
70.87"

Format

1383 (54.45") x 244 (9.61") x 8.5 mm

- ◆ Moisture resistant* wooden floor with a real 0.6 mm wood veneer as the top layer
- ◆ True-edge-bevel for a harmonious room appearance
- ◆ Ultramatt surface
- ◆ The middle layer consists of a high-density fibreboard (HDF) and makes the flooring particularly stable and durable
- ◆ Wood from sustainably managed forests
- ◆ Veneer parquet is a resource-saving and sustainable alternative to conventional parquet flooring

Accessories that match your floor perfectly

Selected range of products

Every floor needs proper accessories. We can supply you with the ideal equipment for all types of flooring. One contact, one supplier – which makes everything so much simpler for you.

Underlays

Depending on the situation in the room, attention must be paid to the correct underlay material when installing the flooring. For this we offer multiple solutions.

Skirting boards

Choose from a range of skirtings in various decors that match all KronoOriginal® floors. Our advanced fixing system makes it quick and simple to achieve a perfect installation.

Additional accessories

If you still look for the proper skirting board, corner pieces, aluminium adhesive tape for sealing or you are done and wish to mop the floor, take a look at the following pages and discover the wide range of accessories.

Get more out of your mo.re! products

With suitable accessories, you leave nothing to chance –

whether you are looking for the right underlay, skirting boards, end pieces, corners and profiles for a harmonious finish, practical tools or the right cleaning agent.
